# BOGE Compressed Air Academy

### BOGE Compressed Air Academy

Do you want to expand your knowledge on compressors and compressed air supply? Based on the motto “Gained from practice, for use in practice”, our experienced trainers use practical examples and exercises to present and explain specialised, sector-specific content.

### Effective compressed air management

This training course will provide instruction on the basics of compressed air technology as well as inform about the latest developments. A further focal point will be energy-saving options and the efficient operation of a compressed air station. We will take a look at the entire compressed air system and give numerous useful tips and tricks. This seminar is particularly suitable for people who have little or no experience of compressed air technology.

### BOGE technical seminars

These seminars will teach you how to operate BOGE compressors and compressor stations in a safe and economically efficient way. They are aimed at the service employees of our partners, retailers and customers. We organise seminars on topics including (but not limited to) piston compressors, refrigerant dryers, oil-lubricated screw compressors, adsorption dryers, service management or the BOGE service. Participants can choose a basic or professional seminar depending on their level of prior knowledge.

#### Basic service seminars (1 day)

We provide you with basic knowledge. Among other things, you'll learn how to optimally adjust the system pressure, how to eliminate leaks quickly and what to look out for during maintenance intervals. Such knowledge has a high potential for development at a later stage. Ultimately, the overwhelming majority of unscheduled machine downtime occurs as a result of simple issues. We teach those responsible for the machines how to recognise these issues in a timely fashion and prevent failures or malfunctions.

#### Professional service seminars (2 days)

This advanced seminar teaches how to approach troubleshooting in a systematic way. As well as technical knowledge on complex compressed air systems and higher-level control, successful systematic troubleshooting requires a comprehensive range of methodological skills. Step one requires you to understand the processes taking place within the system or plant. In step two, you'll identify the affected function. In step three, you'll investigate which components are linked to this function and could therefore be the source of the issue. This seminar is aimed at

# BOGE Compressed Air Academy

servicing and repairs professionals wishing to acquire a detailed understanding of complex systems as well as of troubleshooting and error rectification.

### BOGE individual seminars

The BOGE individual seminars are a tailor-made combination of the well-known seminar programme for effective compressed air management and the BOGE technical seminars. Date, time frame, venue and contents can be coordinated and defined. Our contact person in the field of seminar planning will support you in your selection with regard to concept, content and implementation.

### Online seminars (45 – 90 min)

The online seminars represent individual parts of the various other seminar offerings and are independent of the BOGE technical seminars offering. These seminars are conducted live online by trainers. The content is mainly theoretical, describing and explaining situations in everyday work. In addition, this content can be one part of the face-to-face meetings within the framework of the hybrid seminars.

### Hybrid seminars

These seminars are a combination of online seminars and seminars from the presence programme. It is possible to attend the theoretical content of the classroom seminars as an online seminar. The presence part of the seminars to operate and understand compressors, components and controls completes the learning content on site.

### [www.boge.de](http://www.boge.de)

We regularly adapt our program to suit your needs. Visit <https://www.boge.com/en/seminars> to find out about our current program of seminars. You will not only discover useful information about dates and the content of our training seminars, but will also be able to sign up for courses quickly and easily online.

## Basic Service Seminar (English)

<b>Description</b>	<b>Compressor controls (1EC)</b>
<b>Learning opportunity</b>	The participants of this seminar will be taught all the knowledge necessary to understand the functions of the BOGE compressor controls and handling by using the available technical documentation.
<b>Target group</b>	Service technicians, administrative service and product support personnel of our key partners and distributors who deal with customers in the aftermarket.
<b>Content</b>	<p>BOGE compressor controls</p> <ul style="list-style-type: none"><li>• Functions and tasks</li><li>• Naming and usage in different compressor types</li><li>• Design of different controls</li><li>• Functions of different controls</li><li>• based on the products<ul style="list-style-type: none"><li>- base control (BASIC)</li><li>- focus control 2.0</li></ul></li></ul> <p>Optional in consultation</p> <ul style="list-style-type: none"><li>• FOCUS</li><li>• RATIO</li><li>• Auto- / Ratio- / Supertronic</li></ul>
<b>Requirements</b>	Basic knowledge of design and function of compressors
<b>Duration</b>	1 day
<b>Charge</b>	-
<b>Dates and locations</b>	on appointment

## Basic Service Seminar (English)

### Agenda **Screw compressors with oil-injection cooling (1ES)**

#### Day 1

- 09:00 hrs** Welcome and introduction to the course agenda, Introduction of participants
- 09:20 hrs** BOGE screw compressors with oil-injection cooling
- Product range overview and type code
- 09:40 hrs** Fundamentals of compressed air
- 10:30 hrs** Break
- 11:00 hrs** BOGE screw compressors with oil-injection cooling
- Design and function of single components (S and C series)
- 12:45 hrs** Lunch-Break
- 13:30 hrs** Compressor controls - base control and focus control 2.0
- Design
  - Function
  - Handling
- 15:00 hrs** Break
- 15:30 hrs** BOGE screw compressors with oil-injection cooling
- Maintenance work on (Practical part in the trainings centre)
- 17:30 hrs** End of the seminar

**In case the seminar will take place at BOGE headquarters, and if time-wise possible we will make a factory tour for those who are interested.**

# BOGE Compressed Air Academy

## Basic Service Seminar (English)

<b>Description</b>	<b>Piston compressors (1EP)</b>
<b>Learning opportunity</b>	The participants of this seminar will get all necessary skills using the available technical documentations, in order to maintain BOGE oil lubricated and oil-free piston compressors.
<b>Target group</b>	Service technicians, administrative service and product support personnel of our key partners and distributors who have to maintain oil injected BOGE screw compressors.
<b>Content</b>	<ul style="list-style-type: none"><li>• Fundamentals of compressed air</li><li>• Design and Function of BOGE oil lubricated piston compressors</li><li>• Design and Function of BOGE oil-free piston compressors</li><li>• Basics of compressor controls<ul style="list-style-type: none"><li>– base control (BASIC) / RATIO</li><li>– FOCUS</li><li>– focus control 2.0</li></ul></li><li>• Maintenance work on BOGE piston (SC and PO...L series)</li></ul>
<b>Requirements</b>	Technical understanding of machines, and knowledge of the operation of machines and work on machines.
<b>Duration</b>	1 day
<b>Charge</b>	-
<b>Dates and locations</b>	on appointment

# BOGE Compressed Air Academy

## Basic Service Seminar (English)

### Agenda **Piston compressors (1EP)**

#### Day 1

- 09:00 hrs** Welcome and introduction to the course agenda, Introduction of participants
- 09:20 hrs** Overview of product range and type code of BOGE piston compressors
- 09:35 hrs** Fundamentals of compressed air
- 10:30 hrs** Break
- 11:00 hrs** Design and function of single components BOGE oil lubricated and oil-free piston compressors (SC and PO...L series)
- 12:45 hrs** Lunch-Break
- 13:30 hrs** Piston compressor controls:  
base control/RATIO, FOCUS and focus control 2.0
- Design
  - Function
  - Handling
- 14:30 hrs** Maintenance work on BOGE piston compressors (Practical part in the trainings centre)
- 15:00 hrs** Break
- 15:30 hrs** Maintenance work on BOGE piston compressors (Practical part in the trainings centre)
- 17:00 hrs** End of the seminar

**In case the seminar will take place at BOGE headquarters, and if time-wise possible we will make a factory tour for those who are interested.**

## Basic Service Seminar (English)

<b>Description</b>	<b>Compressed Air Treatment (1ET)</b>
<b>Learning opportunity</b>	The participants of this seminar will get all necessary skills using the available technical documentations, in order to service and complete maintain for all kinds of BOGE air treatment solutions on their own.
<b>Target group</b>	Service technicians, administrative service and product support personnel of our key partners and distributors that have to maintenance BOGE air treatment equipment.
<b>Content</b>	<ul style="list-style-type: none"><li>• Why is it necessary to do air treatment?</li><li>• Design and function of adsorption dryers</li><li>• Design and function of refrigerant dryers</li><li>• Design and function of further components of air treatment (Filtration, condensate drains, condensate separators)</li><li>• Maintenance jobs at BOGE compressed air treatment components</li></ul>
<b>Requirements</b>	Technical understanding of machines, and knowledge of the operation of machines and work on machines.
<b>Duration</b>	1 day
<b>Charge</b>	-
<b>Dates and locations</b>	on appointment

## Professional Service Seminar (English)

<b>Description</b>	<b>Piston compressors (2EP)</b>
<b>Learning opportunities</b>	The participants of this seminar will get all the necessary skills for the systematic approach to doing troubleshooting and fault correction. This includes extensive methodological skills as well as detailed understanding of complex machines and controls.
<b>Target group</b>	Experienced service technicians, BOGE administrative service and product support personnel of key partners and distributors who are involved in the maintenance of oil injected BOGE screw compressors.
<b>Content</b>	<ul style="list-style-type: none"><li>• Fault analysis of oil-lubricated and oil-free piston compressors</li><li>• Configuration of piston compressor controls base control, focus control 2.0</li><li>• Troubleshooting and repair of screw compressors with oil-injection cooling</li><li>• Commissioning of piston compressors</li></ul>
<b>Requirements</b>	<ul style="list-style-type: none"><li>• Knowledge of design and functions of<ul style="list-style-type: none"><li>- BOGE compressor controls</li><li>- BOGE oil-lubricated piston compressors</li></ul></li><li>• Experience with<ul style="list-style-type: none"><li>- Handling of BOGE compressor controls</li><li>- Maintenance of BOGE oil-lubricated piston compressors</li></ul></li></ul> <p>(or previous participation in e.g.: Basic Service Seminar piston compressors)</p>
<b>Duration</b>	2 days
<b>Charge</b>	-
<b>Dates and locations</b>	on appointment

## Professional Service Seminar (English)

<b>Description</b>	<b>BOGE-Service (2EE1)</b>
<b>Learning opportunities</b>	<p>The participants in this seminar will be taught all the knowledge necessary to do a systematic troubleshooting and - recovery at BOGE compressors. Furthermore to do an independent commissioning is obtained after the defaults which were necessary for the bestcair warranty extension program. (not available in all countries)</p> <p>The seminar prepares for the examination to the certified BOGE service technician. (necessary for bestcair)</p>
<b>Target group</b>	Service technicians, administrative service and product support personnel of our key partners and distributors that deal with compressor servicing.
<b>Content</b>	<ul style="list-style-type: none"><li>• Commissioning of BOGE compressors</li><li>• Introduction of bestcair warranty program</li><li>• Design, function, application, layout and maintenance on compressed air preparation components</li><li>• Design, functions, handling and options of BOGE compressor controls</li><li>• Systematically troubleshooting at BOGE compressors</li></ul>
<b>Requirements</b>	<ul style="list-style-type: none"><li>• Knowledge of design and functions of<ul style="list-style-type: none"><li>- BOGE compressor controls</li><li>- BOGE screw compressors with oil-injection cooling</li></ul></li><li>• Experience with<ul style="list-style-type: none"><li>- Handling of BOGE compressor controls</li><li>- Maintenance of BOGE screw compressors with oil-injection cooling</li></ul></li></ul> <p>(or previous participation in e.g.: Basic Service Seminar screw compressors with oil injection cooling)</p> <p>2 days</p>

### Cartel Law

Please note that on all events of the BOGE Group the compliance regulations of the cartel law must be respected.

Amongst others the European and national cartel law prohibits:

- To discuss competitive prices or discounts during seminars
- Exchange of other sensitive competitive company information
- Arrangement of industry-corresponding behaviour patterns respectively resolutions or agreements
- Arrangement of company strategies and future market behaviour

Please learn more about our „Code of Conduct“ under [https://www.boge.com/sites/row/files/coc\\_customer.pdf](https://www.boge.com/sites/row/files/coc_customer.pdf)

### Consulting service and registration

Save your participation by an early registration. There are only limited seminar places available and registrations will be considered according to the chronological order of registrations. In case of overbooking we will do our best to offer you an adequate alternative date.

All seminar announcements on our website at <https://www.boge.com/en/seminars> are not binding and only describe a request to submit an offer.

### Order confirmation

We confirm your bookings by EMail.

### Right of withdrawal

You are entitled to name another suitable substitute participant for the booked seminar should you for instance not be able to attend the seminar yourself. The substitute participant must be linguistically and professionally suitable for this seminar.

The rebooking of a participant for a new appointed day or a change of a seminar participant is free of charge.

A cancellation is free of charge if we receive the cancellation latest 10 working days prior to the seminar. After that or in case of no-show we reserve the right to charge 50 percent of the seminar fee.

# BOGE Compressed Air Academy

## General Booking and participation condition

## Boge Compressed Air Academy

---

### Deliverables

The BOGE trainers conduct their deliverables according to the released agendas in case no individual agenda has been agreed in written. During the course of the seminar it is possible that not all scheduled seminar contents may be imparted for various reasons. We recommend that you study yourself intensively with the seminar documents after the seminar. It is essential for achievement of learning goals that the participant is professionally and linguistically suitable for the seminar. The participants receive their seminar documents according the seminar topics and learning goals. The contents stated upon conclusion of the contract shall apply.

### Seminar Fees

The seminar prices do not include VAT at the statutory rate and, unless otherwise agreed in writing, include the seminar fees, the seminar documents as well as lunch and drinks during breaks during the event. Unless other payment terms are agreed the fees will be invoiced after the seminar to be payable within 30 days after date of invoice.

It is not possible to claim a reimbursement because of incompletely used deliverables.

Travel expenses (e.g. rental car, fuel costs, accommodation, taxi, daily allowance, etc.) are borne by the seminar participant respectively customer.

### Liabilities

BOGE is liable for violation of contractual and non-contractual obligations according to the legal regulations unless subsequent provisions stipulated.

For whatever legal reason BOGE is liable in case of malice or severe negligence.

In case of simple carelessness liability only apply to damages arising from injury of life, of the body or health for violation of an essential contractual obligation.

Essential contractual obligations are obligations that facilitate the fulfilment of due performance of the contract anyway and on the fulfilment on which the customer regularly relies and may rely. In these cases, liability is limited to the foreseeable damage typical for the contract.

BOGE shall not be liable for damages resulting from the incorrect operation of equipment by personnel of the Customer who have previously attended a training course.

The attendance of a training or a seminar is no substitution for careful reading of the operation instructions and manuals of and attention to relevant devices.

# BOGE Compressed Air Academy

## General Booking and participation condition

## Boge Compressed Air Academy

---

### Organisation, Cancellation

We reserve the right to modify contents of the event, to relocate and/or postpone seminars for instance in case of illness of a trainer, if the minimal number of participants is not reached or in case of force majeure.

In these cases as well as in cases of necessary changes of an event we will inform the participant resp. the customer as early as possible. In case of cancellation of a seminar we will do our best to offer a suitable alternative date. Should the participant resp. customer not be able to attend this alternative date he is not entitled to a refund. Except of cases of malice or severe negligence further claims are excluded.

### Copyright

The seminar documents and logos are protected by copyright. It is prohibited to reproduce, modify, amend or use for commercial purposes seminar documents or fragments of seminar documents without explicit approval by BOGE.

### Rights of use

The participant resp. Customer is entitled to use seminar documents made available. They may not be made available to third parties.

### Confirmation of Attendance and Certificates

Participants receive a confirmation of attendance of a seminar.  
A certificate certifies a successfully passed test.

### Privacy

We refer to our privacy statement on our website under following link:  
[https://www.boge.com/sites/row/files/data\\_protection\\_statement.pdf](https://www.boge.com/sites/row/files/data_protection_statement.pdf)

### Partial ineffectiveness

Should individual terms of this contract between customer and contractor be or become inoperative, this will not affect the remaining terms of this contract. Instead of the ineffectual provision the law applies.
