

Quality Policy Statement

BOGE COMPRESSORS LIMITED

From the West Yorkshire HQ and South Wales Service Centre the Company offers the below scope of supply for compressed air equipment & services:

- Sales of premium industrial compressors and compressed air equipment to direct customers and via a national authorised distributor network.
- Service and maintenance covering 24 hours, seven days per week, including hire of
- compressors and ancillary equipment
- Design and installation of compressed air distribution systems
- Assessment of customer compressed air systems in accordance with regulations
- Best practise energy consultation and the recommendation of carbon reduction measures

Quality Management is a key objective and it is the policy of BOGE Compressors Limited to supply product and services which fully conform to customer's orders and specifications and which meet statutory and regulatory requirements.

The policy is designed to ensure our Quality Management System (QMS) meets and continues to meet the requirements of BS EN ISO 9001

This policy provides a framework for establishing and reviewing quality objectives.

The Company's Quality objectives are specified and reviewed on a regular basis and the company is committed to continually improve the effectiveness of the QMS.

Our QMS sets out the key documents, forms and work instructions in form of written and verbal processes, flow charts and procedures that make up the Company's Quality System.

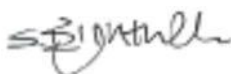

All employees are made aware of the Company Quality Policy, our objectives and our system documentation during initial induction.

There is on-going training to ensure everyone continue to meet the Companies quality standard. Employees are required to report on all activities, operations and situations that may put at risk our product and service quality.

It is the individual responsibility of each employee to observe our Quality Policy provisions and to carry out their work in accordance with approved, documented and verbal Quality Practices. This means that we meet our aim; "to get it right first time".

It is my responsibility to ensure our QMS functions correctly and its effectiveness is maintained through monitoring, control, audit and review.

Signed:

Managing Director

BOGE COMPRESSORS LTD
