

BOGE AMERICA

2024 SERVICE TRAINING

March 12, 2024

Dear Partner,

BOGE America's second basic service training for 2024 will take place from September 17th to September 19th. The first two days will cover service certification training, while the third day will focus solely on Booster Compressors. If you're already certified, you're welcome to attend the third day only.

Chip Richard and Thomas Petraska from our Technical Support Team will lead the training. Due to limited space, please complete and send the Registration Form attached to Chip & Thomas as soon as you can.

Further details are provided in the second attachment. For additional information, contact Chip & Thomas.

Please note that this training is for Field Service Personnel.

Thank you for your ongoing support!
