

Subject: 2024 Service Training

I am pleased to announce the dates for our 2nd 2024 Certification Classes. Regional training events may be added and announced throughout the year, based on distributor requests. Attendees will be responsible for their own expenses (travel, hotel, etc), but the training is provided free of charge. These classes have a limited number of slots, though we will add additional dates if the classes fill. Please see below for the class, date, location, and accommodation information.

Service Certification Training

Class Length: 3 full days, typically 8:30AM - 4:30PM

This is the Certification Course required to perform commissioning, warranty, or extended warranty work on BOGE compressors. This class is recommended for 0-2 Years' experience.
