

Declaration of consent regarding the storage of applicant data

I hereby consent to BOGE storing the personal data that was collected from me during the application process (incl. cover letter, C.V., references, possible data from an interview) beyond the end of the specific application process for the purpose stated here until further notice. If applicable, BOGE will use the data *to either continue my current application process or to contact me if I am considered for another role in the future.*

If I have disclosed “particularly personal information” according to *Art. 9 of the General Data Protection Regulation* in my application letter or in any of the documents submitted in the application process (e. g. photos, information regarding a severe disability, etc.), my consent also applies to such data. BOGE would like to advise that all applicants are only evaluated on the basis of their qualification and requests that only the most necessary information is disclosed.

This consent is voluntary and shall not have an effect on my chances in the current application process. I may revoke this consent without stating a reason and without fear of being disadvantaged. I may also revoke my consent in writing with effect for the future at any time; in this case, my data shall be deleted 6 months after the conclusion of the application process. Whether the process has already been closed my data will be deleted within 2 weeks after receiving the revoke.
